

Unlimited chat and video chat, with break out rooms

Talk with users and exhibitors with the most advanced platform. You can have public and private chats individually or with the users you choose. There's more:

- 1:1 video interviewing
- Group video break out rooms
- Fully built-in, no downloads required

Unlimited chats and video chats, with unlimited users and the ability to schedule meetings.

Unlimited webinars

3 different options:

The tool integrated into the fair platform.

An external tool like Zoom or Google Meet.

A pre-recorded presentation can be uploaded to view on-demand.

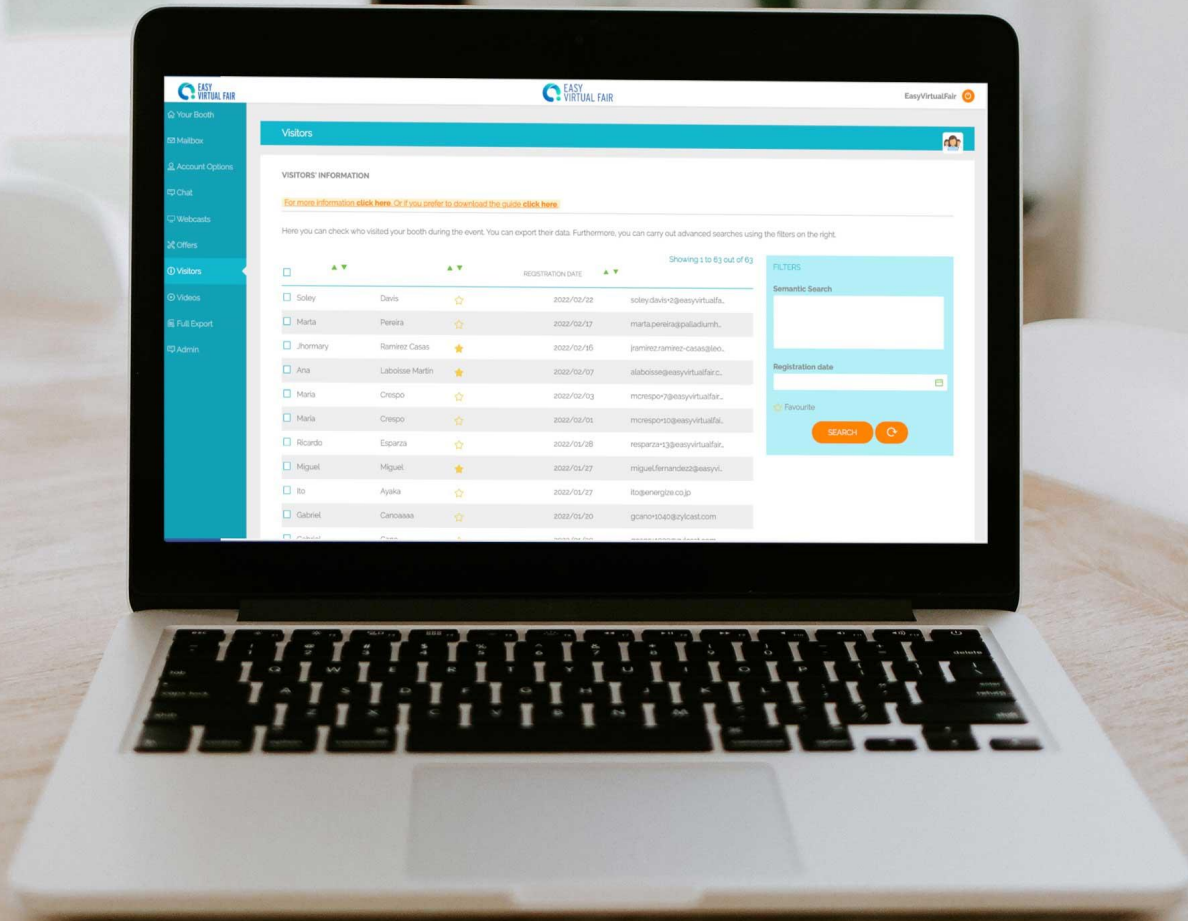

Booth Set Up Wizard

Exhibitors can manage their stand from the **backend**, also known as the content manager. Using their user name and password, each exhibitor has access to their own account, where they can:

- Choose the design of the stand
- Schedule chat sessions and meetings
- Publish jobs
- Export the profile of those who visited their booths
- Interact with the visitors via chat email messages or meeting requests

A virtual training will be provided for booth set up on May 20, 2024 at 11 am PDT

Custom Booths

Virtual stands of the participating entities can be customized with the designs and receptionists offered by the platform or with your own corporate image.

Each booth can be populated with your own information, including:

- Corporate Information
- Job Opportunities
- Chat schedule (times when company representatives will be online)
- Videos and PDFs for download
- Webinars
- Social Media: LinkedIn, Facebook, Youtube, Instagram and Twitter

Upload and manage your job opportunities

Upload all the jobs you want to show so that users can register and leave you their resume.

Manage the resumes or business cards left at your booth through the manager. Classify, filter, export them and contact those you are interested in.
